

Homefront Protective Group and Gardner Police Department present:

99 Signs of Danger™

99 Signs of Danger™ will make any law enforcement officer much more aware of impending danger. This class exposes the many indicators warning law enforcement officers that they are in danger of being attacked, imminently attacked, and about to be involved in a fight-or-flight situation.

The creator, retired NYPD SGT, Lou Savelli says:

“You can’t win a fight; you don’t know that you’re in!”

This class exposes signs of impending attack, armed suspects, multiple subject danger situations, vehicle stop danger signs, and a host of other indicators. The most important objective of this class is Officer Safety. It is the ability to recognize a threat from someone or something (Threat Recognition). Unfortunately, in the field of law enforcement, dangerous situations can arise within the blink of an eye or when you least expect it. Preparing to defend yourself against a threat is important but it coincides with the belief that you can be prepared for any type of threat if you can identify it before or when it is happening. More importantly, if you can identify a threat, you can create a tactical edge rather than merely be the defender. Thus, you can have the ability to better prepare your defense, retreat, or offense in order to conquer the threat.

This course is ideal for Police Officers, Detectives, Sheriff’s Deputies, Corrections Officers, Corrections Investigators, Federal Agents, SIU Investigators, and other Law Enforcement and Public Safety Personnel.

About the Instructor:

Detective **Kurt Barbour** (Retired, DuPage County Sheriff’s Office, Illinois) is a seasoned professional with extensive experience in patrol and investigations. His leadership skills were put to the test as the commander of one of Illinois' largest SWAT Negotiation teams, a role that speaks volumes about his ability to handle high-pressure situations. He is the nation’s leading expert in Identifying Deceptive Behavior®, a skill he has honed through countless interactions. His instruction on the science of interviews and interrogations has been sought nationwide. Detective Barbour’s highly sought-after course of instruction focuses on how nonverbal communication can be translated into pre-attack indicators and body language that warns of an imminent attack. He is a keen observer and instructor of human conduct, empowering others to predict behavior. Detective Barbour serves as a Master Instructor for Homefront Protective Group and instructs at the Midwest Counterdrug Training Center and Northeast Counterdrug Training Center.
