

Dr. Mike McCutcheon's

# 3-DAY CRIME SCENE PROCESSING COURSE

Kingman Police Department  
Location: Kingman Armory  
111 S. Main Street  
KINGMAN, KS 67068

**MARCH 12-14, 2025 8:00-4:00**

This **EXTENSIVE 3-DAY** class is designed to teach you how to handle any crime scene. Learn the necessary skills to organize and process any scene, whether a car break, a burglary, or a suspicious death. There is no “Death by Powerpoint” in this class.

**Who should attend? Patrol officers and detectives. Experienced and inexperienced. We start with basics and move to advanced techniques.**

Topics covered include:

- 🔑 Crime Scene Documentation – Photo Logs, Search Logs, Evidence Logs
- 🔑 Introduction to Photography (Point & shoot and DSLR)
- 🔑 Fingerprinting for ALL Surfaces, and we mean ALL!
- 🔑 Footwear, Tire impressions, and Tool Marks
- 🔑 Trace Evidence – Light Sources, DNA Evidence, Blood Evidence, Hair, Fibers, etc.
- 🔑 Introduction to Death Investigations
- 🔑 Court expectations – Chain of custody

We offer hands-on training through practice exercises and provide attendees with all instructional materials. **You will learn by doing.** No falling asleep in your chair while the instructor drones on about how great they are. **Fast-paced and interactive.**

Questions can be directed to Forensic Education at 603-234-3769 or email [mike@forensiceducation.net](mailto:mike@forensiceducation.net)

Register at: [www.ForensicEducation.net](http://www.ForensicEducation.net)

Cost: \$450.00 pp.

Don't be fooled by other knock-off training. They don't come close to what we offer and they are more expensive. This class can be used as learning hours for IAI Crime Scene Certification and IAI Crime Scene Photography Certification.

**Visit us at [www.forensiceducation.net](http://www.forensiceducation.net) for full course description!**

This is the most comprehensive class you can attend! DO NOT MISS IT!
