

Active Shooter Preparedness Webinar

**October 6, 2021 (Wednesday)
1:00pm-3:00pm (CST)**

The Cybersecurity and Infrastructure Security Agency (CISA) invites you to join a two-hour security webinar to enhance awareness of and response to an active shooter event.

Preparing employees for a potential active shooter incident is an integral component of an organization's incident response planning. Because active shooter incidents are unpredictable and evolve quickly, preparing for and knowing what to do in an active shooter situation can be the difference between life and death. Every second counts.

Objectives:

- Discuss the elements of active shooter incident response planning with guidance from expert instructors.
- Describe common behaviors, conditions, and situations associated with active shooter events.
- Discuss how to recognize potential workplace violence indicators.
- Provide information about best practices, communications protocols, and resources that will assist stakeholders to develop or enhance their emergency planning, preparedness, and response to active shooter incidents.

Understanding Liability and Risk Exposure:

Given today's ever-changing threat environment, preparing for and training employees to cope with workplace violence should be a key piece of an organization's incident response planning. The "free" webinar focuses on providing awareness training that supports the development of emergency action planning capabilities.

Who Should Participate?

- Private and public organizations
- Corporate and facility security professionals
- Supervisory first responders
- Human resource managers
- Community response officials
- Health organizations
- Faith-based leaders
- School administrators and security officers
- Homeland security representatives

Notes:

1. An email with information to connect to the webinar will be sent the day prior to the event.
2. Prior to the webinar, all registrants are encouraged to complete the DHS IS-907: Active Shooter: What you Can Do on-line training course (<https://training.fema.gov/is/courseoverview.aspx?code=IS-907>).
3. For more information on the CISA webinar, contact Chuck Clanahan - Protective Security Advisor (KS District) (785) 213-8699, chuck.clanahan@cisa.dhs.gov
4. THIS IS NOT A TACTICAL TRAINING COURSE.

REGISTRATION:

- Registration for this event is free.
- Register or visit:
