

870 Style Shotgun Armorer Course

Law Enforcement Only

When: October, 29, 2026
Where: Lawrence Police Department Training Center
4820 Bob Billings Parkway
Lawrence, KS 66049
Cost: \$300

This 8-hour armorer course discusses the Remington 870 pump shotgun platform. All tools, manuals, and supplies are provided. Students are encouraged to bring their own shotgun to get familiar with its configuration and any aftermarket modifications. Additionally, time is included to clean, inspect, repair, and lubricate the firearm. As with all of our armorer classes, it is very hands-on, and you should anticipate getting your unanswered questions finally answered!

Participants will learn the following topics:

- History of defense shotguns and the Remington 870
- Safety & function checks
- Cycle of operation
- Basic field stripping and cleaning
- Basic inspection of parts for excessive wear
- Detailed disassembly and inspection
- Lubrication & Reassembly
- Defense shotgun modifications/ customizations
- Troubleshooting

Students should bring their own shotgun, cased, and unloaded. Leave the firearm in vehicle until told to bring it to the lab. All tools, equipment, and manuals will be supplied. Course taught by Ryan Skabroud, NRA instructor and President of Precious Metals Gunsmithing, LLC, a Wisconsin FFL 07/02 Gun Shop.
