

GARDEN CITY POLICE DEPARTMENT

## LEVEL II

# INTERMEDIATE COLLISION INVESTIGATION

March 28 - April 8, 2022

Tuition Costs - \$100

Register at [www.gcpolice.org](http://www.gcpolice.org)

This course builds upon what you have learned in Level I Basic Collision Investigations and helps you to learn and work with more complex vehicle dynamics in collisions as well as kinetic energy and momentum.

This course is for a law enforcement officer that has completed the Level I Basic Collision Investigation course (or its equivalent).

### Speed Estimates

You will learn to analyze the information to determine what happened before, during, and after the collision

### Vehicle Dynamics

You will learn the conservation of momentum as well as other time, distance and motion equations

### Scene Evidence

You will learn how to document, preserve and record the scene evidence and prepare scale diagrams from that evidence.
