

Neurobiology of the brain and trauma informed interviews

In person training:

Tuesday, May 17, 2022

9:00 am-4:30 pm

St. Vincent de Paul Catholic Church

123 N. Andover Road, Andover, KS

COST: \$40 per attendee

Objectives:

- 1) Gain a basic understanding of the brain and how trauma may impact memory
- 2) Why trauma informed interviews are important
- 3) Practice skills learned in a trauma informed interview

Presenters:

Dung Kimble, StepStone Program Director and Sgt. Paul Kimble, Wichita Police Department. For the last 7 years, the Kimbles have been training law enforcement across the state on the dynamics of domestic and sexual violence. Their passion for this work is highlighted in the 27 years that Paul has been with the Wichita Police Department and Dung's 16 years at StepStone. The Kimbles regularly train for KLETC and have specialized experience in trauma informed interviews, strangulation and are considered subject matter experts in the field of domestic and sexual violence.
